

25MM M793 TP-T

MEDIUM CALIBER

MUNITIONS | **MEDIUM CALIBER**

The 25MM M793 TP-T is a training round with a built-in tracer, ballistically matched to the M792 HEI-T live round. These rounds are currently in use on many high-fire-rate gunnary platforms, including the M242 Chain Gun and the Oerlikon KBA B02 Cannons found on the M2/M3 Bradley, MK38 Naval Gun, ASLAV, LAV-25, LAV-AD, Desert Warrior, and the M113 APC 25mm. The M793 provides a low-cost alternative for target practice purposes.

PALIGEN™ TECHNOLOGIES

25MM M793 TP-T Manufacturing Capability
